

X-PET

A UNIQUE ALL-IN-ONE HIGH PRESSURE COMPRESSOR

X-PET

EN

RELIABLE BEYOND LIMITS

X-PET is a Plug&Play reliable solution that meets the high-pressure air demands for PET bottling production. Thanks to the integrated and compact design, it minimizes the installation time.

FEATURES

PLUG & PLAY

COMPACT & INTEGRATED DESIGN

Pre-installed package on a single frame, suitable for forklift for a fast installation. Air-cooled unit, no additional equipment needed that grants a low maintenance cost, including a Frequency Converter to avoid the peaks at the start-up

INDUSTRY 4.0

LED LIGHTING FOR AN EASY OPERATION

It comes with a control panel with PLC+HMI. Cloud monitoring and remote control available. Visual control through led lightning an easy operation.

ECODESIGN

SUSTAINABLE SOLUTION

Designed together with a certified ISO 1400 eco-design firm. Carbon footprint reduction guaranteed. Focus on the Sustainable Development Goals.

3D PRINTED

THE FUTURE OF MANUFACTURING

The first PET compressor that uses 3D printed components. A technology to achieve inconceivable designs that grants outstanding performances.

TECHNICAL DATA

X-PET	CAPACITY		INSTALLED POWER	
	m ³ /h	cfm	kW	HP
X-PET 200	250	118	45	60
X-PET 400	350	206	75	101

*Designed up to 40 bar. *Catalogue data for 35bar according to ISO 1217/ 50Hz
